Regulations Governing the Choice Based Credit System (Semester Scheme) in the Undergraduate and Integrated Masters Degree Programmes with Multiple Exit Options in the Faculties of Arts, Science and Commerce

(Framed under Section 44 (1) (c) of the KSU Act 2000)

## **Preamble:**

New challenges in higher education have led to a paradigm shift in reconceptualising this sector in terms of what constitutes Higher Education and what the goals of this education ought to be. Traditional educational systems rely on information based knowledge. However the shortcomings in collapsing the task of knowledge acquisition to largely an exercise in imparting information are increasingly felt in society with profound consequences. The need of the hour is to move towards a more holistic approach that integrates providing of skills and specialized training with the values necessary to make a student into a better human being and a useful member of society. Thus the role of Universities and colleges in the 21<sup>st</sup> Century extends far beyond traditional knowledge creation and dissemination to encompass new expectations for innovations that will have broader social and economic benefits. Bangalore University wishes to initiate qualitative and substantial changes in its undergraduate and postgraduate programmes, to cater to the needs of students with diverse talents, aspirations and professional requirements. It wishes bring in flexibility into system by allowing multiple exit options with multiple degrees. Students will have the option to exit after 2-yearswith award of the associate degree (Advance diploma). The successful completion of 3-years of the undergraduate programme would lead to the award of the bachelor degree, as at present. Successful completion of the fourth-year of the undergraduate programme or fourth-year of the integrated postgraduate programme or first-year of the two-years post-graduate programme will lead to award of the bachelor degree with honours in a subject, provided the student has studied that subject in all the three years of the undergraduate or the integrated programme. In colleges where the postgraduate or integrated masters programmes are not offered, the continuation of the undergraduate programme for the fourth year or offering of the postgraduate programme is optional. It is up to the college to have the honours programme or not. The graduates of these colleges can seek admission to the first year of the postgraduate programmes in the postgraduate departments in the university or in the colleges where they are offered, as at present. The present post-graduate programmes in subjects have been restructured to have exit option with the honours degrees in the subjects at the end of the first year of the post graduate programmes. The successful completion of the second-year of the post-graduate programmes would lead to Masters Degrees in the subjects.

The Restructured Choice Based Credit Systems make the product of a University at par with the global practices in terms of academic standards and evaluation strategies, retaining the structures of the present undergraduate and post-graduate programmes. In the emerging scenario of Internationalization of Indian Higher Education, it is imperative that the Universities in India should follow this system so that the mobility of their products both within and across the geographical jurisdiction becomes possible. Hence the Bangalore University thought it fit to introduce Choice Based Credit System in all the Undergraduate and Post-graduate Programmes with multiple exit options with multiple degrees in the Faculties of Arts, Science and Commerce, effective from the academic year 2014-15.For multifaceted development of students, curriculum emphasizes on wide variety of courses to enhance their knowledge in several core courses including those in languages and subjects in Arts, Science and Commerce, and value-based and skill development courses.

The University Grants Commission has asked all the universities in the country to implement the Choice Based Credit System (CBCS) in all the under-graduate and post-graduate programmes. The State Higher Education Council has also communicated general guidelines in this regard.

# **Computation of Semester GPA:**

The Semester Grade Point Average shall be computed by dividing the sum of the Grade Point Weights (GPW) of all the subjects of study by the maximum credits for the semester. The grade point weights are in turn calculated as the product of the grade points earned in the subject and the credits assigned to that subject.

# I Semester Marks:

Subject	L1	L2	<b>S</b> 1	S2	<b>S</b> 3	FC	CC/EC	Total
Max. Marks	100	100	150	150	150	100	50	800

G.P. Weights (1x2)	13.4	15.6	23.7	24.9	27.3	17.0	7.8	129.7

Semester Aggregate Marks:

648 / 800 = 81.0%

Semester Grade Point Average (GPA)

= Total Grade Point Weights/ Maximum Credits for the Semester

= 129.7 / 16 = **8.106** 

Semester Alpha Sign Grade: A++

# Calculation of Aggregate or Cumulative GPA (CGPA):

The aggregate or cumulative GPA (CGPA) at the end of the eighth semester shall be calculated as the weighted average of the semester grade point averages. The CGPA is obtained by dividing the total of semester credit weightages by the maximum credits for the programme. An illustration is given below.

Semester	I	II	III	IV	V	VI	VII	VIII	Total
Total Marks/	800	800	800	800	1000	1000	700	700	6600

Aggregate Percentage of Marks = 5795 /6600 = 87.80 %

Classification of Result: First Class with Distinction

Programme Alpha Sign Grade: A++

Aggregate or Cumulative Grade Point Average (CGPA)

= Total of Semester Credit Weightages / Maximum Credits for the programme

= 1378.3 / 156 = 8.835.
